

Bidang Kepakaran

Silahkan untuk memilih 1 bidang kepakaran dan 1 sub bidang kepakaran

No	Bidang Kepakaran	Subbidang Kepakaran
1	Agricultural Science	Agricultural Chemistry
		Agricultural Engineering
		Agronomy
		Animal Husbandry
		Fish and Wildlife
		Forestry
		Horticulture
		Other Agricultural Specialities
		Phytopathology
		Veterianry Science
2	Antrophology	Cultural Antrophology
		Ethnography and Ethnology
		Other Antrohological Specialities
		Social Antrophology
3	Astronomy and Astrophysics	Cosmology and Cosmogony
		Interplanetary Medium
		Optical Astronomy
		Other Astronomical Specialities
		Planetology
		Radio-astronomy
4	Chemistry	Analytical Chemistry
		Biochemistry
		Inorganic Chemistry
		Macromolecular Chemistry
		Nuclear Chemistry
		Organic Chemistry
		Other Chemical Specialities
		Physical Chemistry
5	Demography	Fertility
		General Dermography
		Geographical Dermography
		Historical Dermography
		Mortality
Other Dermographic Specialities		

		Population Characteristics
		Population Size and Dermographic Evolution
6	Earth and Space Sciences	Atmospheric Sciences
		Climatology
		Geochemistry
		Geodesy
		Geography
		Geology
		Geophysics
		Hidrology
		Meteorology
		Oceanography
		Other earth, space and environmental
		Soil Science
		Space Science
		7
Econometrics		
Economic Accounting		
Economic Activity		
Economic of Technological Change		
Economic System		
Economic Theory		
General Economic		
Industrial Organization and Public Policy		
International Economics		
Organization and Management of Enterprises		
Other Economic Specialities		
8	Ethics	Sectorial Economics
		Classical Ethics
		Ethics of Individu
		Group Ethics
		Other Sociological Specialities
9	Geography	Prospective ethics
		Economic Geography
		Historical Geography
		Human Geography
		Other Geographical Specialities
10	History	Regional Geography
		Biographics

		General History
		History by Epochs
		History of Countries
		Other Historical Specialities
		Science Auxillary of History
		Specialized History
11	Juridical Science and Law	Canon Law
		General Theory and Methods
		International Law
		Legal Organization
		National Law and Legislation
		Other Juridical Specialities
12	Life Sciences	Animal Biology (zoology)
		Anthropology (physical)
		Biochemistry
		Biomathematics
		Biometrics
		Biophysics
		Cell Biology
		Ethology
		Genetics
		Human Biology
		Human Physicology
		Immunology
		Insect Biology (Etnomology)
		Microbiology
		molecular Biology
		Other Biological Specialities
		Palaentology
		Plant Biology (Botany)
		Radiobiology
		Symbiosis
		Virology
13	Linguistics	Applied Linguistics
		Diachronis Linguistics
		Linguistic Geography
		Lingusitic Theory
		Other Linguistic Specialities
		Synchronic Linguistics

14	Logic	Application of Logic
		Deductive Logic
		General Logic
		Inductive Logic
		Methodology
		Other Specialities Relating to Logic
15	Mathematics	Algebra
		Analysis and Functional Analysis
		Computer Science
		Geometry
		Number Theory
		Numerical Analysis
		Operations Research
		Other Mathematical Specialities
		Probability
		Statistics
		Topology
16	Medical Science	Clinical Science
		Epidermology
		Forensic Medicine
		Internal Medicine
		Nutririon Sciences
		Occupational Medicine
		Other Medical Specialities
		Pathology
		Pharmacodynamics
		Pharmacology
		Preventive Medicine
		Pschiatry
		Public Health
		Surgery
Toxicology		
17	Pedagogy	Educational Theory
		Organization and Planning of Education
		Other Specialities
		Teacher Training and Employment
18	Philosophy	General Philosophy
		Other Philosophical Specialities
		Philosophical Anthropology

		Philosophical Doctrines
		Philosophical Systems
		Philosophical of Knowledge
		Philosophical of Nature
		Philosophical of Science
		Social Philosophy
19	Physics	Acoustics
		Electro-magnetism
		Electronics
		Fluid
		Mechanics
		Molecular physics
		Nuclear Physics
		Nucleonics
		Optics
		Other Physical Specialities
		Physical Chemistry
		Solid State Physics
		Theoretical Physics
		Thermodynamics
		Units and Constants
20	Political Science	International Relations
		Other Political Science Specialities
		Policy Science
		Political Ideologies
		Political Institution
		Political Life
		Political Sociology
		Political Systems
		Political Theory
		Public Administration
		Public Opinion
21	Psychology	Abnormal Psychology
		Adolescent and Child Psychology
		Counselling and Guidance
		Educational Psychology
		Evaluation and measurement in Psychology
		Experimental Psychology
		General Psychology

		Geriatric Psychology
		Occupational and Personnel Psychology
		Other Psychology Specialities
		Parapsychology
		Personality
		Psychological Study of Social Issue
		Psychopharmacology
		Social Psychology
22	Science of Art & Letter	Architecture
		Fine arts theory, analysis, and criticism
		General Sociology
		Literary theory, analysis, and criticism
		Other Artistical Specialities
23	Sociology	Cultural Sociology
		Experimental Sociology
		International of Disorganiozation
		Mathematical Sociology
		Occupational Sociology
		Other Sociological Specialities
		Social Change and Development
		Social Communications
		Social Group
		Social Problem - Social Organizations
		Sociology of Human Settlement
24	Technological Science	Aeroneutical Technology and Engineering
		Biochemical Technology
		Chemical Technology and Engineering
		Computer Technology
		Construction Technology
		Electrical Technology and Engineering
		Electronic Technology
		Environmental Technology and Engineering
		Food Technology
		Industrial Technology
		Instrumentation Technology
		Materials Technology
		Mechanical Engineering and Technology
		Medical Technology
		Metallurgical Technology

	Metal Products Technology
	Mining Technology
	Motor Vehicle Technology
	Neval Technology
	Nuclear Technology
	Other Technological Specialities
	Petroleum and Coal Technology
	Power Technology
	Railway Technology
	Space Technology
	Telecommunications Technology
	Textile Techbology
	Transportations Systems Technology
	Unit Operatrions Technology
	Urban Planning
